PRIMA Adult Psychiatry

PRIMA Norrköping

We now welcome people above the age of 18 to our recently opened clinic PRIMA Adult Psychiatry Norrköping. The objective of the team here is to offer the best psychiatric care, where the patient truly comes first. This will be apparent by how easy it is to get an appointment, and already at your first appointment you will meet specialists who will perform an assessment in order to quickly offer further assessments or treatment. Contact us for an initial appointment and assessment. You can also ask your doctor to send a referral to us. As a patient you pay the usual patient fee, and we accept the free pass.
